Policyholder Options

As a reminder, policyholders may have the ability to reduce their benefits in order to help maintain premium at approximate current levels. A policyholder may:

- (1) Choose to lower their current maximum daily benefit;
- (2) Adjust the benefit period, elimination period or
- (3) Where applicable, terminate Riders.

Based on individual policies, one of the following options may be available to policyholders up to 120 days after the Billing Anniversary Date on which the rate increase is effective:

- **Optional limited benefits:** The new coverage maximum will be equal to the total premiums paid on the policy, excluding waived premium, minus any benefits paid.
- **Contingent nonforfeiture:** The new coverage maximum will be either 30 times the Nursing Home Daily benefit or equal to the total premiums paid on the policy excluding waived premium, whichever is greater.
- **Nonforfeiture Rider:** If purchased with the policy; a paid-up policy according to the contract provisions, minus any benefits paid (not subject to the 120-day limitation).

Please note: when reducing the maximum daily benefit or benefit period, the lifetime maximum will also be reduced.

IMPORTANT: If policyholders choose to decrease their benefits, they may change their decision in writing within 60 days of our written confirmation of the benefits reduction. Following this, they cannot increase their benefits or go back to the original benefits.

If a person has previously been on claim, it may not be appropriate for this person to adjust his or her elimination period.

Reminder: The Inforce Rate Action Producer Quote Tool is accessible within individual policies on the LTC policy notification section of Genworth PRO (genworth.com/pro). In addition, an online User Guide is available on PRO to help you learn how to use the quote tool.

Quotes to include the premium increase are not available until after the policyholder's rate increase notification has been mailed. The mailing date is 61 days prior to the policyholder's rate action effective date. Once a rate increase has been added to a policy, any quotes provided prior to the policyholder's rate increase notification being mailed will not include the new increased premium.
