**States:** OK

**Contact:** If you have any questions about these changes, please contact our Customer Service Team at 877 710.0817.

As part of the strategy for our long term care insurance business, we continue pursuing initiatives to improve the risk and profitability profile of our business, including premium increases on in-force policies, as needed. Oklahoma has allowed the following increases.

Product Series	Increase Percentage
Privileged Choice Flex	<b>Policies with <u>greater than 1%</u> Inflation Protection:</b> 32.3% phased 15%, 15% compounded
Privileged Choice Flex <i>* Policies with Revised Couples Discount</i>	<b>Policies with <u>greater than 1%</u> Inflation Protection:</b> 32.3% phased 15%, 15% compounded

\* This rate increase applies to Standard policies with a:

1. 20% Couples Discount, where both insureds were approved for and issued coverage, and a
2. 10% Couples Discount, where only one insured was approved for and issued coverage

### Communications Timeline

Servicing agents will receive a list of their impacted policyholders in this state one week prior to the start of policyholder notifications. Policyholder notifications will continue throughout the next year. Impacted policyholders will be notified at least 60 days in advance of their billing anniversary dates.

Agent Notifications* Begin:	November 15, 2022
Policyholder Notifications Begin:	November 22, 2022

\*If we have your email address on file, you will receive an agent notification through email stating your list of impacted policyholders is on Genworth PRO ([genworth.com/pro](http://genworth.com/pro)). You will not receive a hardcopy notification in the mail. If you do not receive an email, you will receive a hardcopy notification in the mail.

NOTE: Policyholders currently on claim will still receive a rate increase notification. However, if they are on waiver of premium, the rate increase will not apply until the premium is no longer waived and becomes due.

Policyholders are encouraged to call our Customer Service Team at **877 710.0817**. Our team will be able to answer questions and provide policyholders with information about how they may be able to reduce premiums.

### Policyholder Options

As a reminder, policyholders may have the ability to reduce their benefits in order to help maintain premium at approximate current levels. A policyholder may:

- (1) Choose to lower their current maximum daily benefit;
- (2) Adjust the benefit period, inflation option (if included with their coverage) or elimination period or
- (3) Where applicable, terminate Riders.

Based on individual policies, one of the following options may be available to policyholders up to 120 days after the Billing Anniversary Date on which the rate increase is effective:

- **Optional limited benefits:** The new coverage maximum will be equal to the total premiums paid on the policy, excluding waived premium, minus any benefits paid.
- **Contingent nonforfeiture:** The new coverage maximum will be either 30 times the Nursing Home Daily benefit or equal to the total premiums paid on the policy excluding waived premium, whichever is greater.
- **Nonforfeiture Rider:** If purchased with the policy; a paid-up policy according to the contract provisions, minus any benefits paid (not subject to the 120-day limitation).

Please note, when reducing the maximum daily benefit or benefit period, the lifetime maximum will also be reduced.

This premium increase includes the **1% Benefit Increase option** as an additional choice for Privileged Choice Flex policyholders who currently have a benefit increase option as part of their policy. If this option is selected, policyholders will retain their increased Daily Benefit Amount (DBA). The increased DBA and Total Lifetime Benefit will increase at 1% compound going forward.

This increase also includes an option to **reduce the Covered Percentage**. The Covered Percentage is the portion of covered expenses that may be payable under the policy. The policyholder may reduce their premium by reducing the Covered Percentage from 100% to 80%. If the policyholder reduces the Covered Percentage to 80%, the policy will pay 80% of Covered Expenses under the Nursing Facility Benefit and the Home and Community Care Benefit, up to the daily Nursing Facility Maximum. Coverage remains subject to the Coverage Maximum, any applicable Elimination Period, and all other policy terms.

**IMPORTANT:** If policyholders choose to decrease their benefits, they may change their decision in writing within 60 days of our written confirmation of the benefits reduction. Following this, they cannot increase their benefits or go back to the original benefits.

If a person has previously been on claim, it may not be appropriate for this person to adjust his or her elimination period.

Reminder: The Inforce Rate Action Producer Quote Tool is accessible within individual policies on the LTC policy notification section of Genworth PRO ([genworth.com/pro](http://genworth.com/pro)). In addition, an online User Guide is available on PRO to help you learn how to use the quote tool.

Quotes to include the premium increase are not available until after the policyholder's rate increase notification has been mailed. The mailing date is approximately 68 days prior to the policyholder's rate action effective date. Once a rate increase has been added to a policy, any quotes provided prior to the policyholder's rate increase notification being mailed will not include the new increased premium.

Policyholders who have been mailed a premium increase notification letter may be able to review their letter and choose one of their coverage options online. Once selected, policyholders can electronically sign and submit their choice. Policyholders can go to [genworth.com](http://genworth.com) to register for or log-on to their web account to view their policy information.
