Cost of Care Tool

CareScout.com/cost-of-care

As care costs continue to rise, it's more important than ever to recognize projected costs. Leverage our industry-standard tool to help you understand long-term care costs.

The image is a screenshot of the 'Calculate the cost of long-term care near you' tool. It features a search bar for 'Enter location', a 'Compare location' button, and a map of the United States. Below the search bar, there are radio buttons for 'Select cost by period' with options for 'Hourly', 'Daily', 'Monthly' (selected), and 'Annual'. At the bottom, there is a 'Calculate future cost' section with a timeline from 2024 to 2029.
